

**THIS TOWN IS BIG ENOUGH FOR THE BOTH OF US**

**THE RANCH RESTAURANT & SALOON**

The Ranch is our number one pick for the place to frequent once you've Gone Country! This high-class Saloon hosts live country dancing every night of the week with moves from the West Coast Swing to line dancing Thursdays as well as every kind of two steppin' you could imagine in between. They take pride in their ambiance and state-of-the-art facilities, hosting live bands every Friday and Saturday night with lines out the door and reservations filling up the books. Get all gussied up and come on in! They take their dress and dancing seriously and adhere to admirably set rules to keep everyone in line, if you will. You can order a culinary masterpiece of a meal inside the Saloon with classic favorites like succulent Colorado rack of lamb along with California signature items like grilled yellow tail tacos! With the highest Zagat rating in their category in Orange County, it's hard to beat! They have a full bar with fun and creative cocktails, my personal favorite being the Sage Brush made with Hangar One Mandarin Blossom Vodka muddled with fresh sage, lemon juice and a splash of orange juice with a touch of agave. I had two, and then I got out on the dance floor and learned how to line dance. Best night ever! Word on the street is the Ranch has the prettiest women in Orange County, and I have to say by the looks of things, it's true. Pretty girls still love some Shania Twain!
